RISK-FREE INVESTMENT IN YOUR SELF:

COST INVOLVED:

Q. What's the cost?

A. The total cost of the Vibrant-U Program is 466.95 /month plus tax

Vibrant-U is designed to give you the tools, wisdom, and training you need to lose weight naturally and permanently. Because each person is unique and on their own weight release journey - you choose the length of your own program. We will train you in our revolutionary approach to losing weight... and support and hold you accountable along the way to slimming down and firing up your metabolism like never before. For you, we are offering this all-inclusive program for the cost of our food and supplements alone. That means you will receive support, community, coaching, counselling and consultations with our Wellness Team at zero extra cost- over 600\$ worth of savings per month.

For you math buffs out there- that's 4\$ a meal- including snacks and supplements.

Q. What's my investment?

A. Changing your life for 16\$ a day

The Vibrant-U approach to weight loss gets results. You will shed the extra pounds. But not only that: The REST of your life will change, too. Six months from now, how would it feel to not only be losing weight, but feeling completely different about yourself and life than you do today? You want to look better and feel healthier and you want to become more of who you know yourself to be deep down inside. For a little more than 15\$ a day- you will get this PLUS accountability, inspiration, and support along the way.

Q. Can I afford this?

A. Only you can make that decision. Ask yourself, " Can I afford not to?" You know if you can't wait

any longer to turn your body and life around. Our clients decide for themselves that they can't afford NOT to. So they make it a priority. And then they figure out how to make it work. We can help you brainstorm on creative ways to fund your participation in our VibrantU Program, but you've got to want it. It has to be a priority. If it is, you can make it happen. We have full faith that you can do anything you set your heart and mind to. And it would be an honour to help you do it.

Yes, I want in! I'm ready to finally learn an approach to weight loss that works AND makes me feel better than ever before.
